Small-Size Tires Enlarged 20%

Sizes 30 x 31/2 and 30 x 3

Goodyear tires won top place by giving more than others. For that reason alone these tires for years have outsold any rival.

This year we are giving to users of small tires three more costly extras. Now Goodyear tires in these sizes, more than ever before, excel any like-size tire.

3 More Extras

We have added 20 per cent to the air capacity. Added size, as you know, adds mileage.

more rubber to the side walls— you get this extra year and extra to the part above the rim. That's strength. More than ever you where constant bending breaks owe yourself the use of Goodsear a thin-walled tire. ___

We have made which adds endur-

We have made new malds of GOOD YEAR with them in low average cast new design TIRES \$317,000 in Extras

Lower Prices

These new extras alone, on this year's output, will cost us \$117,000 They will save our users ton lines that, perhaps.

Yet this year we made another hig price reduction. It was our third in two years, rotaling 40 per cent. That's one result of mammoth output-a value no one else can give.

Even in size 30x3, in Goodyears, you get a four-ply nee. In our All-Weather trend, you get We have added 30 per cent a double-thick annished. Now
